Hi –

Today it was revealed that the #fakepresident had rescinded John Brennan's security clearance.

This is a scandal. This is shameful beyond words. This is naked interference with national security, for the basest of political and personal reasons.

By way of analogy: Nixon used the machinery of government to attack his political enemies, and got impeached for it. Vladimir Putin and his flunkies are rejoicing tonight.

Similarly: Before and during the Iraq war, there was considerable debate about the wisdom thereof. Darth Cheney did some underhanded things, and indeed some illegal things, to gin up support for the war ... but even then, nobody dared to politicize the security clearance system.

This sort of thing simply must not be tolerated.

What's worse, this is just one outrage among many. When are you going to do something?

Yours truly,

John L Denker
