Hi –

From now to the end of time, no Republican is allowed to talk about:

faith	fiscal responsibility	patriotism
morality	national security	duty
ethics	civility	honor
family values	common decency	virtue
law and order		integrity

The party of Trump has forfeited all credibility on these topics. History will not judge you kindly.

This includes you, Senator Flake! You voted to confirm Pruitt, DeVoss, Price, and others. You voted for the huge tax scam. You like to talk-talk-talk about all the corruption, but you never actually *do* anything.

Suggestion: At the very least you should introduce a **resolution of censure** and make sure it passes. That's nowhere near enough, but it would be a first step in the right direction. You could start with something simple, like the nonstop lying. It's not good for America when those who should be providing leadership are instead waging war against truth itself.

Yours truly,
