Hi –

- dog sitting?
- Dog Sitting??
- DOG SITTING???

«Let them eat cake» is passé

«I really don't care do U?» is an also-ran.

«DOG SITTING» is the new champion when it comes to haughty contempt and casual cruelty.

One wonders how hard would it be to get a replacement dog-sitter, as opposed to a replacement lawyer in the case of thousands of children separated from their families, i.e. children being used as hostages in a political ploy, all because the #pussygrabber couldn't get Mexico to pay for his wall.

You can't make this stuff up. In the baby-snatching case, a government lawyer said – on the record – she could not attend a status conference over the weekend because she had out-of-town dog-sitting responsibilities.

The only real remedy is impeachment.

Yours truly,
