Hi –

1. A year and a half ago (6 January 2017), US intelligence agencies reported that Russian President Vladimir Putin ordered an influence campaign aimed at the 2016 US presidential election. Russia's goals were to undermine public faith in the US democratic process, denigrate Secretary Clinton, harm her electability and potential presidency, and help the bonespurs guy.
2. A few days ago (3 July 2018) the Senate Intelligence Committee concluded that the Intelligence Community Assessment was sound. This conclusion was not just bipartisan; it was unanimous.
3. The upcoming election is under attack, even as we speak.

You took an oath to defend the Constitution. When are you going to do your job?

You could start by censuring Nunes, Gowdy, Jordan, and Ryan for making a travesty of the oversight process, and bringing disgrace and dishonor upon the House.

Yours truly,

John L Denker
