Hi –

The current US scandal should not be considered analogous to the immigration situation in Europe. The Europeans are dealing with an enormous and unprecedented influx ... whereas immigration to the US has been trending *downward* for years. The US has a baby-snatching scandal, but not an immigration crisis, just the manufactured appearance of a crisis, manufactured for the most cynical and selfish of reasons.

You have a duty to stop this:

- Stop the lying.
- Stop taking babies as hostages.
- Do not try to appease the hostage-taker. That never works. You're just inviting him to take more hostages in the future. You should have done something when he took the DREAMers hostage last year.
- In particular: Do not fund his stupid wall. No wall unless Mexico pays. The campaign promises were emphatic and explicit. No US funding for any wall.

We are tired of the talk-talk-talk. When are you going to do something?

Don't tell me you are afraid to poke the bear. Grow a spine already. We know from Stormy Daniels that his behavior improves when he gets spanked.
