Hi –

Homeland Security personnel are still brutalizing and interfering with *legal* asylum-seekers and immigrants. They are still using babies as hostages – and are even finding new ways of doing so. They have shut down low-cost programs that worked for many years, and replaced them with ridiculously expensive programs that violate US law, international law, multiple biblical commandments, and the most basic standards of decency.

This has got to stop. Now. When are you going to do something?

Don't tell me you are afraid to poke the bear. We know from Stormy Daniels that his behavior improves when he gets spanked. We are tired of the talk-talk-talk. When are you going to do something?

It's increasingly obvious that impeachment is the only real solution. Tax fraud involving his so-called "charitable" foundation is sufficient grounds. Never mind the complicated Russian stuff. Never mind the complicated trade and immigration issues. Never mind his diabolical efforts to destroy government institutions. Never mind the lies and demagoguery. Never mind the complicated bribery and conspiracy. Tax fraud is nice and simple. Every taxpayer understands what that is.

Yours truly,
